

Algar Seco Parque: Elegance & Harmony

Fantastic Sea View

Right above the Atlantic Ocean ALGAR SECO PARQUE is situated in the most beautiful part of the Algarve, adjoining the sea and right at the famous Algar Seco vista point in Praia do Carvoeiro.

Individually designed villas, generously laid out bungalows, suites and apartments are landscaped into the picturesque countryside while retaining its original character. Elegance and harmony on an exclusive site with a fantastic sea view. Such an attractive holiday spot is found hardly anywhere else in the Algarve.

With the Eyes of the Discoverers

The bungalows, suites and apartments are called „As Velas“, the sailing ships. They are named after the ships which took the great Portuguese seafarers to the far continents and

thus founded the early predominance of the Portuguese as navigators: Pedro Álvares Cabral, Bartolomeu Dias, Fernão de Magalhães and Gonçalo Velho. The terraces offer a wide unobstructed view along the coastline until Sagres, the most south-westerly point of Europe.

The elegant Catrineta Suites (for two guests) with spacious terraces and well kept gardens, are only 100m from the reception and the pool area and offer a similarly spectacular view over the Atlantic Ocean.

Os Peixes are the cosy bungalows for two to three guests, situated about 300m from the pool area. All have a spacious terrace, a large living room, fully equipped kitchen, bedroom, bathroom, and glorious sea views.

The ALGAR SECO PARQUE villas are nestled into a small valley. They all have their own private pool and offer ample space for six to ten guests.

Quality and Portuguese Charm

A team of architects successfully accomplished creating an attractive, truly Algarvian style from Moorish and Portuguese elements. The building quality of the villas,

bungalows and apartments are of highest international standards. Very thoroughly insulated and exceptionally well equipped they fully meet the expectation and requirement of a demanding clientele.

Comfort and Individuality

All living rooms, balconies and terraces have a marvellous and unobstructed sea view. The bungalows comprise two bedrooms, two bathrooms and a spacious living room with dining area for four to five guests. Each bungalow has a fully equipped kitchen, patio, both open and a covered terrace, and a roof terrace.

The holiday apartments, from studios for two up to 3-bedroom apartments for six guests have a similarly generous decor and equipment, and all are designed indi-

vidually. All villas, suites, bungalows and apartments have heating in all rooms. The living room is equipped with „Fogo Montanha“, a wood burning fireplace which ensures comfortable temperatures up to 12 hours without having to add more wood. Double-glazing and air conditioning have been or will be installed in all villas, bungalows, suites and apartments.

You do not need to worry about housework since cleaning service is provided for all accommodation.

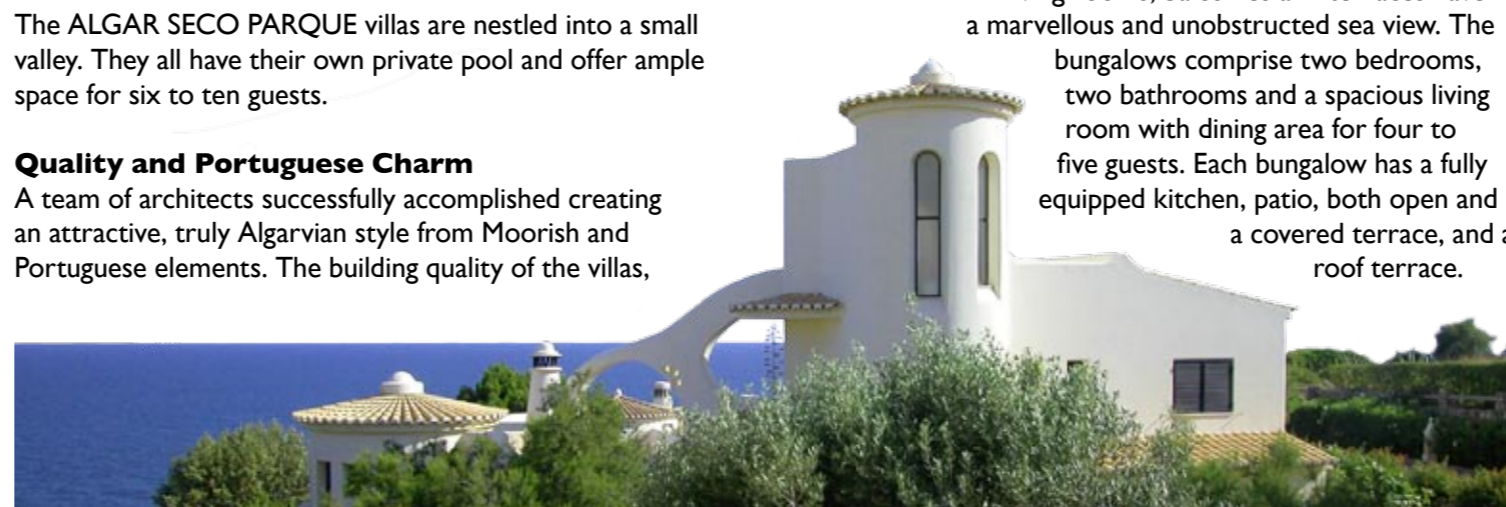

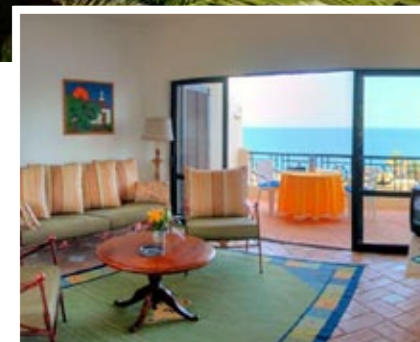

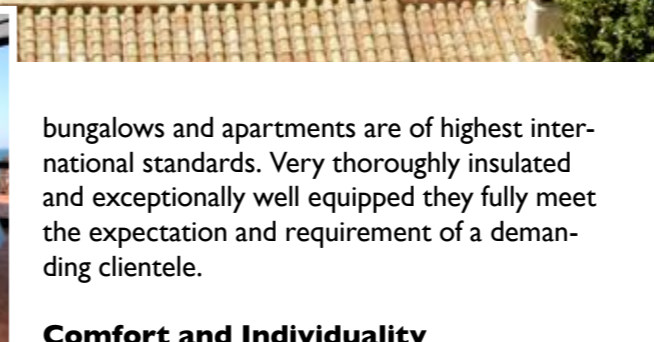

Art and Craftsmanship

Greatest emphasis for comfortable furnishing was laid on

quality craftsmanship: handmade furniture from the North of Portugal, hand painted, typical Portuguese tiles and hand embroidered carpets. The decoration – paintings, ceramics, pottery and carvings – are all from artists of the nearer and wider vicinity.
